answer to a question, I don't want you to guess or

Page 5

- speculate. Simply tell me that you don't know, and maybe
- we'll break it down a little bit more. And if you simply
- don't know, then you don't know, and that's fair enough. 3
 - With those as the ground rules, can I just get
- 5 your full name.
- A. John J. Lamanna. 6
- Q. And do you prefer Mr. Lamanna or Warden Lamanna? 7
- 8 A. Either is fine.
- Q. Okay. Warden Lamanna, can you take me through 9
- your education, starting with high school and then taking me 10
- 11
- A. Went to high school in New York City and also 12
- attended college in New York City. 13
- Q. Where -- what college did you attend in New York 14
- 15 City?

17

- Bernard Baruch College. 16
 - And did you graduate from that college with a
- degree? 18
- A. No, I did not. 19
- Q. Warden, are you currently employed? 20
- 21 Yes, I am.
- Okay. And who is your current employer? 22
- A. Federal Bureau of Prisons, U.S. Department of 23
- 24 Justice.
- Q. And what is your current job? 25

Page 7

Page 8

- warden at FCC New York. October 1984 to July 1985, I was
- comptroller at FCI Otisville, New York. September 1983 to 2
- October 1984, I was the business manager at the federal 3
- prison camp in Boron, California. From August 1980 to
- September 1983, I was a purchasing agent, property
- management specialist at FCI Otisville, New York. 6
 - Q. That's good, Warden. I appreciate that. I wanted
- to go back 20 years, and you did that for me, and I 8
 - appreciate that.

7

9

- Can you generally describe for me, while you were 10
- warden at FCI McKean, what were your job duties? And I know 11
- that's a broad question, because I know -- I'm sure as a 12
- warden, you had a lot of job duties. But let's start with 13
- that, and then we can get more specific. 14
- A. Overall, I am responsible for the running and 15
- management of the Federal Correctional Institution and the 16
- 17 camp.
- Q. Now, I am correct that there was what we 18
- referred -- what we have thus far referred in this lawsuit 19
- to as a UNICOR facility at FCI McKean? Is that correct? 20
- A. That is correct. 21
- Q. And is the UNICOR facility a part of the Bureau of 22
- Prisons? In other words, is that something within the --23
- that is run by the Bureau of Prisons, rather than by an 24
- outside contractor? 25

Page 6

- A. I am the warden at the Federal Correctional 1
- Institution at Edgefield, South Carolina. 2
- Q. And how long have you been the warden at 3
- Edgefield?

8

- A. Going on three years. 5
- Q. And prior to being the warden at Edgefield, what 6
- job did you have immediately before that? 7
 - A. I was warden at FCI McKean, Pennsylvania.
- Q. And for how long were you warden at FCI McKean? 9
- A. June 2001 until January 2004. 10
- Q. And if you don't mind, take me back. What did you
- do before that; before FCI McKean? 12
- A. I was warden at FCI Elkton from August 1996 until 13
- June 2001. Prior to that, I was warden at FPC Seymour 14
- Johnson, January of 1995 until August 1996. Do you want me 15
- to continue to go back? 16
- Q. Yeah, a couple more, if you don't mind. 17
- A. Okay. August 1992 to January 1995 I was executive 18
- associate at FCI Buckner, North Carolina. June 1990 to 19
- August 1992, I was at -- a national conference administrator 20
- at our central office in Washington, D.C. January 1989 to
- June 1990, I was associate warden, FCI McKean, Pennsylvania. 22
- June 1986 to January 1989, I was inspector for the Office of 23
- Inspections, its central office in Washington, D.C.
- 25 July 1985 to June 1986, I was executive assistant to the

1

6

12

19

24

25

- A. It -- yes, it is.
- Q. At any of the other institutions that you have
- worked at or are presently working at, were there UNICOR
- facilities at those institutions?
 - A. Yes.
- Q. Which institutions had UNICOR facilities?
- A. I believe every facility that I have worked at had 7
- 8 UNICOR.
- Q. Okay. Now, am I correct that the UNICOR facility 9
- at FCI McKean was involved in the production of furniture? 10
- 11 Is that right?
 - A. It was involved in the production of segments,
- pieces that would be used for assembling in another factory 13
- of furniture, yes. 14
- Q. So, in other words, the UNICOR facility at FCI 15
- McKean did not manufacture final pieces of furniture, but, 16
- rather, component parts of that furniture that would later 17
- be assembled somewhere else. Is that right? 18
 - A. That's my understanding, yes.
- Q. The other UNICOR facilities that were located at 20
- the other facilities in which you worked, did they have the 21
- same responsibility, or did they have other -- did they do 22
- other things? 23
 - A. Other products.
 - Q. What other types of products did the UNICOR

2 (Pages 5 to 8)

Page	(
i uyc	-

- facilities manufacture, other than the furniture or
- furniture components that were manufactured at McKean? 2
- A. Well, at FCI Edgefield, we have a textile factory 3
- here, which means we manufacture textile items, which may be 4
- military uniforms, to protective vests for the military,
- 6 tarps, other such items as that.
 - Q. Okay. As warden, where did you fall in the chain
- of command with respect to UNICOR? 8
 - A. (No response.)
- Q. And let me --10

9

- A. As I stated earlier --11
- Q. Go ahead and answer the question. It may have 12
- been a bad question. But if you can answer it, go ahead. 13
- A. I was going to say, as I stated earlier, I'm 14
- responsible for the overall management and running of the 15
- institution. So as far as the UNICOR operation, I have 16
- oversight over it, as I do all functions of the institution. 17
- Q. Okay. So it's my understanding that at least for 18
- one period of time, Debora Forsyth was substantially 19 involved, as superintendent of industries, in handling a lot
- 20 of the day-to-day operations of UNICOR. Is that correct?
- 21 A. That is correct. 22
- Q. Would she answer directly to you, then? 23
- A. She would answer directly to me and also 24
- 25 Washington, D.C.; the corporate leaders for UNICOR.

- Page 11
- observing people cutting or shaping what might have appeared
- to be some type of board? 2
- A. To the best of my recollection, I recall going 3
- through the factory and observing inmates at several 4
- different work stations doing several different things. 5
- Some of it may have been, I believe, to the best of my 6
- recollection, probably cutting some boards, as well as 7
- packaging and all different types of different things 8
- that -- as you would, I guess, believe to see in a 9
- manufacturing setting.
- 10 Q. Okay. The people that were working in the UNICOR 11
- facility, obviously, the inmates worked there. Is that 12
- 13 correct?

14

19

- A. Inmates, as well as staff, yes.
- Q. Generally, what were the staff responsibilities in 15
- 16 UNICOR?
- A. Depending upon their job, they would have 17
- different responsibilities. 18
 - Q. What would be the range? I mean, what did --
- A. Well, as -- as you had mentioned previously, 20
- Miss Forsyth was the superintendent of industries, so she 21
- was directly responsible for UNICOR operations. You would 22
- have a factory -- factory manager who would be in charge of 23
- the production of the factory. And this would be on a daily 24
- basis. That's where their offices were located, and that's

Page 10

- Q. How much involvement did you have in the 1
- day-to-day operations of UNICOR? 2
- A. Oh, I would -- I had oversight over it, as I did 3
- all other operations. 4
- Q. Okay. Were you physically there in the UNICOR 5
- portion of the prison -- let's say, were you physically 6
- there on a daily basis? 7
- A. No, not on a daily. I usually try to make a trip 8
- to visit each part of the institution on a weekly basis. 9
- Q. Okay. Are you aware, is the UNICOR facility at 10
- FCI McKean still operating? If you know. 11
- I don't know. I'm assuming it is, but I do not 12
- 13 know.

17

- Q. As part of the manufacturing operations at UNICOR, 14
- am I correct that there would be the cutting and shaping of 15
- Micore board? 16
 - A. I really don't have any direct knowledge of that.
- Well, am I right that one of the things that they 18
- did at UNICOR was cut boards? Whatever the boards were made 19
- of, they cut some type of particle or wood-type board? 20
- A. I believe, to the best of my recollection. It 21
- was -- it's been several years since I've been there, but, 22
- yes, to the best of my recollection, I believe they did. 23
- Q. Okay. And, again, to the best of your 24
- recollection, on your weekly visits there, do you recall 25

Page 12 where they spent almost 100 percent of their time while at 1

2 the institution.

9

10

14

- Q. Was there anyone -- and maybe the best way to do 3
- this is to go down sort of the employment chain with you as
- the person with the ultimate oversight. Then my
- understanding is Ms. Forsyth, as the superintendent, was the
- next person in charge. Below her would be the factory 7
- manager? Is that correct? 8
 - A. That's correct.
 - Q. Okay. How about --
- A. And production. 11
- Q. Okay. And then how about below the factory 12
- manager? What other staff members would be there? 13
 - A. Would be staff foremen, UNICOR foremen.
- Q. Are there any other staff members who would --15
- whose jobs would be related to the UNICOR facility or who 16
- would work in the UNICOR facility? 17
- A. Well, there would be individuals that would be 18
- working in the business office, there would be a business 19
- manager, there would probably be a purchasing agent, an 20
- accountant, a warehouse person or shipping foreman, shipping 21
- 22 the products in and out.
- Q. Of the staff members you have identified, from 23
- Ms. Forsyth all the way down to the folks you just 24
 - mentioned, which of those individuals would be working on

Page	e 1	3

5

9

10

16

21

- the actual manufacturing floor? 1
 - A. Every single one of them at some point.
 - Q. The inmates who worked at UNICOR, were they the
- people who would generally do a lot of the -- sort of 4
- hands-on work; the cutting of boards -- the various things
- that you said you saw that you would expect to see in a 6
- manufacturing facility? Was it the inmates who did that 7
- type of work?

2

3

9

- A. While being supervised by the staff members, yes.
- Q. In other words, for instance, If we were to just 10
- take a hypothetical piece of equipment, there would be an 11
- inmate or multiple inmates operating that piece of 12
- equipment, and they would be being supervised by some staff 13
- member; is that right? 14
- A. That's correct. It's also to train inmates, to 15
- prepare them for release, so they do possibly have a trade 16
- when they do go outside the institution. 17
- Q. The foremen, the staff members who served as 18
- foremen, what is their general job description? What did 19
- 20 they do?
- A. Supervised the inmates in the production of the 21
- product in which they were manufacturing. 22
- Q. Would the foremen spend the majority of their time 23
- on the production floor? 24
- 25 A. Yes.

1

Page 15

Page 16

- to me at that particular time. And being so long ago, what
- 2 I do recall, after receiving the complaint, OSHA came out,
- took samples, reviewed the operation, and everything came 3
- back that it was no problem.
 - Q. Do you know who made the complaint to OSHA?
- A. I don't have any recollection. To the best of my
- recollection, I think that came from an inmate. But I don't 7
- remember who or what it was about. 8
 - Q. Okay. Did you have any direct contact with OSHA either before, during, or after their investigation?
- I really don't have any recollection, but what is 11
- usually customary is usually when -- after someone comes to 12
- the institution and they provided a service or a test, they 13
- usually come to the warden's office to provide a report. 14
- But I don't have any direct recollection of that happening. 15
 - Q. Okay. After you were made aware that OSHA had received a complaint, did you -- did you take any action
- 17 18
- 19 A. Well, as I stated, I don't have any recollection,
- other than what I just mentioned to you. 20
 - O. Okav.
- A. But what is -- what I normally do is my normal 22
- practice, if we receive any complaints at all, it's that I 23
- have it investigated immediately, and if there is any 24
- corrective action that needs to be taken, we initiate it 25

Page 14

- O. If the UNICOR facility required a capital
- expenditure, be it a piece of equipment, materials, 2
- supplies, would that be something that would go through you,
- or was that handled internally within UNICOR? 4
- A. A request would be sent through my office and then 5
- through corporate headquarters in Washington, D.C. for 6
- UNICOR corporate headquarters to make the approval of the 7
- request or denial. 8
- Q. Did you have any personal involvement in the 9
- decisions in the types of equipment, materials, or 10
- specifically safety equipment that would be used in the 11
- UNICOR facility? 12
 - A. I don't believe I did at that particular facility,
- 14 no.

13

- Q. Do you ever remember anyone, be it a staff member 15
- or an inmate, addressing the safety equipment that either 16
- was available at UNICOR or that they felt should be 17 available at UNICOR with you personally? 18
- A. No. My only recollection is receiving a -- is a 19
- complaint about the air quality in UNICOR, and I believe 20
- that came to us through OSHA. 21
- Q. So you recall being contacted by someone from OSHA 22
- about a complaint that had been made to them? 23
- A. I don't -- I don't remember being personally 24 contacted, but I remember someone bringing that information 25

- right away. 1 2
 - O. Okay.
 - A. And that's been my practice all my years while in 3
 - the prison system.
 - Q. With the understanding that you don't have a 5
 - specific recollection of that -- and I appreciate you going
 - based upon your practices, because that's what I want to ask
 - you. Based upon that practice that you would have had
 - someone -- or had an investigation done, who would you have
 - spoken to about that, if you know or if, based upon your 10
 - practices, you can determine who you think you would have 11
 - 12 spoken to?
 - A. If it has something to do with the safety in the 13
 - institution, I'm sure I would have spoken to the safety 14
 - 15 manager.

25

- Q. And do you recall who the safety manager was? 16 (Discussion held off the record.)
- 17 Q. Do you remember who the safety manager was at FCI 18
- McKean in 2001? 19
- A. To the best of my recollection, while I was at FCI 20
- McKean, I believe was Steve Housier, was the safety manager. 21
- Q. And you believe he was the safety manager there 22
- for your entire tenure at FCI McKean. 23
- A. To the best of my recollection, yes. 24
 - O. Warden, I'm going to ask you a couple of questions

4 (Pages 13 to 16)

8

11

12

Page 17

7

9

10

11

12

13

Page 19

1 about the UNICOR facility, its physical structure, with the understanding that I know you were there on a weekly basis,

but that it was a while ago. So if you don't know the 3

answers to these, that's fine. But I just want to make sure

that I ask them, so that if you do know the answers, I can get them. б

Do you recall how many inmates would be working in the UNICOR facility at any given time?

A. I don't recall. Not at this time. Not three 9 10 years later.

Q. How about the number of foremen? Do you know how many foremen would be working at UNICOR at any given time?

 A. I don't -- I don't specifically remember exactly 13 14

Q. Do you have any recollection of the type of 15 ventilation system that was used at the UNICOR facility? 16

A. I don't know. It's not my specialty area. I 17 don't know exactly what it is. But I do seem to have some

18 sort of recollection that it was -- was above and beyond 19

what was necessary for that type of operation that we were 20 performing at that facility. 21

Q. And upon what -- upon what do you base that? Why 22 do you think it was above and beyond what you needed? 23

 A. I -- that just on my memory three years ago, I 24

think that was part of the report that came back to me from 25

 A. No, I do not recall. And as I mentioned, I made 1 weekly trips down to UNICOR, and I never wore a mask or 2 anything or had any sort of anything on my clothing after 4 leaving. As I am dressed today is how I would dress then, and never had any issues.

Q. The physical layout of the UNICOR facility, when you would do your weekly walk-throughs, was there a discernible production floor where the equipment would be located?

A. The equipment was located throughout the entire production floor.

Q. Was it a one-floor facility, or were there multiple floors in the UNICOR facility?

14 A. The production was one floor, and they had a little raised area which was for the business office, the 15 accounting, and purchasing section. But all production was 16 17 on one level.

O. When you would do your weekly walk-through, what 18 areas of the UNICOR facility would you walk through? 19

A. The entire facility. The entire area. 20

Q. Do you know if the UNICOR facility had any 21

production quotas? 22

23 A. I am not familiar with what their production 24 quotas were, but I'm sure all factories have production 25 quotas.

Page 18

13

14

the safety manager. However he determined that, the 1

determination was made; that it exceeded whatever the 2

requirements were for that type of operation. 3

Q. Okay. So I make sure I understand that, you believe that the safety manager -- and that would have been 5 Steven Housler -- reported to you that the ventilation 6 system exceeded whatever the requirements would be for a 7

8 facility like UNICOR's. A. To the best of my recollection, yes. 9

Q. Other than the OSHA complaint that you've already 10 told me about, did you ever receive any other complaints or 11 comments regarding the ventilation system at the UNICOR 12 facility? 13

A. I don't have any recollection, but that's not to 14 say I hadn't. When you're in a correctional institution, 15 you receive many, many complaints. 16

O. That's fair enough. Do you have any recollection 17 of there being any problems with the ventilation system; 18 either a malfunction of it or problems when it would go 19 20 down?

21 A. No, I do not.

Q. Do you have any recollection during your visits to 22 the UNICOR facility whether there was any dust around the 23 area, either on the ground or in the air or built up on the 24 25 machines?

Page 20

Q. What type of safety training, in general, was 1

provided to the employees of FCI McKean? Was there -- and I 2

know there are a lot of different types of employees in a federal prison. But was there a general safety training

protocol or -- be it annual or some type of regular safety training that all employees had to go through?

A. Well, there's annual training, annual refresher training that all employees have to go through, at McKean as well as the rest of the Bureau of Prisons. And there was also additional safety training that was provided by the 10

safety manager to all employees of UNICOR, as well as other 11 areas throughout the institution. 12

Q. That annual training, would the type of training that the individual got depend upon the job that they had?

A. Annual refresher training was broad training for 15 everyone throughout the facility; all staff. And then the 16 specific training would be -- would be more individualized to that particular area that the safety manager would 18 provide, as well as providing daily oversights of the entire 19 20 operation of the facility on a daily basis.

Q. What types of things would you go over on the 21 annual training, the broad training? 22

A. Well, the safety manager would -- would -- would 23 provide the training, the safety training. Not myself, if 24 that's what you're implying.

- Q. No. And that's -- and I didn't mean to imply that. But are you aware of what would be gone over during
- that training; what the safety manager would go over? 3
- A. Safe practices, what to do, what not to do, CPR, 4 safety data sheets that are located in all areas of the 5
- institution, how to use cleaning supplies, what not to use, 6
- how to use certain tools, what to do, not to do, and items 7
- 8 such as that.

2

9

- Q. You had mentioned safety data sheets. Was there a central repository for all safety data sheets at FCI McKean? 10
- A. I don't know if there was a central. I would 11
- 12 assume there was, but I know they are all located by
- wherever the particular operation was; that they were 13
- located at that area. 14
- Q. You also indicated there would be additional 15 16 safety training that would be more specialized. How was
- 17 that arranged for?
- A. Normally, the department heads would notify the 18
- 19 safety manager. The safety manager would come down to the
- departments. Or making his regular rounds, if he saw 20
- something he thought needed a little more explaining, he 21
- would provide that training. 22
- Q. Were you involved in the hiring of individuals 23
- for -- to work in the UNICOR facility? 24
 - A. Are you speaking of staff, or are you speaking of

- Page 23 is during the serving of the noon meal. Or if I work
- 1 evening, I stand main line at the serving of the evening 2
- meal. At that time myself, as well as all the department 3
- heads are present. If the inmates have any issues, they are
- free to approach us to address any issues, and 99 percent of
- the time we are able to resolve it at that particular time.
- O. While -- and you did that at FCI McKean; is that 7 8 right?
- 9 That's correct.
- During that, did you ever receive any questions or 10
- complaints from inmates regarding the UNICOR facility, that 11
- 12 you can recall?

14

20

24

9

- A. Not that I can recall, no. 13
 - Q. If an inmate had a complaint, you've just
- described for me one way they could bring it to your 15
- attention, which is through main line. They also could 16
- submit certain requests for what we refer to as 17
- administrative remedies, but I believe our BP-9, 10, and 11 18
- 19 forms. Is that right?
 - A. That's correct.
- Q. At some point in that process, if the complaint is 21
- 22 not resolved early enough on, do those eventually come to
- 23 your office or land on your desk?
 - A. In administrative remedies, yes, they would
- 25 eventually wind up on my desk.

Page 22

inmates? 1

25

2

14

- Q. Staff. I'm sorry. Staff.
- A. I normally would be, but I don't -- I don't have 3
- any recollection of hiring any staff for that particular 4
- UNICOR operation while there.
- Q. Your answer to that question brought up another 6 one. The employees -- rather, the inmates who worked in
- 7 UNICOR, they were paid for what they did; is that correct?
- A. That is correct. 9
- We have heard testimony earlier in this case 10
- regarding something called an open house. Does that term
- have any -- is that a term with which you are familiar 12
- related to serving as warden at FCI McKean? 13
 - A. Well, I believe with -- when an open house is
- referred to in a prison setting, it's usually when a 15
- department opens itself up for inmates to come and ask 16
- 17 questions.
- Q. I believe one of the Plaintiffs in this case 18
- testified that you would hold an open house at some regular 19
- interval during a meal time in which inmates could actually 20
- come and ask you questions or express concerns. Is that 21
- 22 right?
- A. No, I never held an open house. An open house is 23
- what we refer to at the particular department. What I have 24
- done, and what I continue to do is I stand main line, which

- Page 24 Q. And we have all the documentation related to the 1
 - administrative remedies that the various Plaintiffs here 2
 - filed, so I'm not asking -- and, you know, I don't need to 3
 - go through those with you. But what I'd like to know is if
 - you have any specific recollection -- understanding that you
 - haven't reviewed those documents, but any specific 6
 - recollection up through the administrative remedy process 7
 - being made aware of any complaints or concerns regarding the 8
 - UNICOR facility.
 - 10 A. As I mentioned before, my only recollection,
 - without reviewing the documents, was that we received a 11
 - complaint about the air quality of UNICOR, and I believe 12
 - that was from OSHA. And they came in, investigated, and 13
 - their finding was that it was fine; air quality -- there was 14
 - no problem with the air quality. And as I mentioned
 - previously, I made weekly rounds before that inspection and 16
 - after that inspection. Myself personally. 17
 - Q. Do you know if there were any changes made to the 18
 - UNICOR facility as a result of that inspection? 19
 - A. I don't believe there was any changes made as far 20
 - 21 as the -- the air quality or air flow at the -- at the
 - 22 system. Without -- without reviewing the document, it's
 - hard for me to say. But usually when OSHA comes in, even if 23
 - they don't find a problem with what they are coming in and 24
 - looking at, they usually make recommendations in other areas

6 (Pages 21 to 24)

Page 25

of the facility. 1

25

Q. Okay. During your weekly walk-throughs at the UNICOR facility, what type of safety equipment would the inmates be wearing?

A. Safety glasses is what I would see most of the time. Safety shoes. Gloves in certain areas. And I believe some may have had masks on their faces.

Q. With respect to the masks, were they sort of the smaller -- what I refer to as a dust mask, or were they the larger type of respirators that you see that appear to have carbon filters and those types of things? If you recall.

12 A. I really don't recall. I really don't recall. But like I said, when I walked through the factory, I wore 13 14 no mask at all.

Q. How much time would you spend at the factory when 15 you were on that walk-through? 16

A. I would say approximately 30 minutes or so.

Q. Okay. If an employee was hired into the UNICOR

facility to work there, do you know what type of training 19

they would be given prior to beginning their job? 20 21

A. Are you speaking of staff or are you speaking of 22 inmates?

23 Q. No, inmates.

A. My understanding is they are provided whatever 24

their required training was for that particular area. I 25

Page 27 1 talking about the same individual -- and I think we are --

if at any point Mr. Bevevino went on disability while you 2

were a warden at FCI McKean? 3

A. I don't have any recollection of that. Don't

remember exactly. But being my memory that he was gone 5

quite a bit for different physical reasons, it is quite 6

possible. But I don't have any direct recollection at this 7

8

12

13

14

15

16

17

Q. Do you ever recall Mr. Bevevino ever bringing to 9 you any concerns or questions or having any conversation 10 with him regarding the UNICOR facility? 11

A. Any concerns being -- as problems?

Q. Well, anything. Did he ever talk to you at all

about the UNICOR facility?

A. I don't have any recollection, but it's hard for me to believe that -- you know, I go around and I meet with all employees and I speak with all of them. So I would ask him, you know, how are you doing, how's your job, things

18 like that, but I don't have any other than that specific 19

recollection of anything that was mentioned. Does that 20

answer your question? 21 Q. It does. And I just wanted -- understanding that, 22

you know, I'm sure during your walk-throughs you talk to 23 folks and that type of thing. I just wanted to get whether 24

you have a specific recollection of Mr. Bevevino ever 25

Page 26

5

6

don't have any specific knowledge exactly what that type of

training would be for that particular factory, though. 2

Q. Okay. And, obviously, you wouldn't be personally involved in that training, correct?

A. That's correct.

Q. Do you know if the UNICOR facility at FCI McKean 6 was outfitted with or had any type of air monitoring 7 8 equipment?

I -- I really don't know.

Q. That's fair enough.

A. Would have no knowledge.

Q. Do you remember a foreman by the name of Rob

Bevevino, who I believe worked at the UNICOR facility while 13 you were warden? 14

A. I believe I had an individual by the name of Robin Bevevino. And if it's the individual I am thinking of, I don't think he was at work a lot of the time I was there. I think he was off for miscellaneous different reasons there.

Q. When you say "miscellaneous different reasons", what type of reasons?

20 A. I really don't remember exactly right, but I just 21 remember that it was either injured -- injured arms or foot 22 or something, and different issues that he was away quite a 23

bit of the time. If it's the individual I'm thinking of. 24

Q. Do you know if at any point, assuming we're

Page 28

talking to you about the UNICOR facility. And my 1

understanding is you don't have a specific recollection of

it, but based upon your practices, you assume you probably

talked to him at some point.

A. Right. And -- and general issues; you know, how is everything going. And I'm sure his response would have

been fine. If not, then I probably would have a 7

8 recollection of our conversation.

Q. Okay. Shifting gears a little bit here, I'd like 9 to talk to you a little bit about the dental care provided 10 to inmates, and just a couple of questions on this point. 11

Do you recall during your tenure at FCI McKean 12 whether any requests ever came to you for 13 out-of-the-ordinary or accessory dental treatment? And 14

those requests likely would have come from the -- I would 15 imagine, from the chief dental officer. 16

A. I don't think I really understand your question. 17 Q. Okay. Well, are you aware -- well, let me back up 18

and ask some foundational questions. Inmates at FCI McKean

are provided with both medical and dental care; is that 20

21 correct?

22

A. Yes, that is correct.

Q. Okay. Do you know if with -- specifically with 23 respect to the dental care, if there are limits on the types 24 of routine care that an inmate can get? For example, while
